

Water Quality Volunteer Opportunity

Water Quality Monitoring

Location:

Various sites throughout Iowa.

Dates of Opportunity Availability:

Opportunity start date: immediate. Opportunity is ongoing. Dates of volunteer service are flexible according to availability.

Hours of Service Requested:

Length of hours served at one time and hours of day are flexible according to availability.

Description:

Volunteer assistance is requested in monitoring the quality of Iowa's waters. Testing supplies are provided. Monitoring can be done to fit volunteer schedule and location. Volunteer must attend a Level 1 IOWATER workshop to be certified. To register for a workshop near you, contact the local facilitator listed on the **IOWATER** workshop schedule at the IOWATER website www.iowater.net.

IOWATER, Iowa's volunteer water quality monitoring program, empowers citizens to take a proactive approach to water quality. By monitoring the water resources in our backyards, we can ensure the protection, longevity and productivity of high quality water resources, as well as evaluate, assess, and improve those of lower quality.
